Website Policy

Child Protection Policy:

The School operates the following policy on its website regarding the use of photographs, to ensure the privacy and safety of the children at the school.

1. Where children are named, only their first names are given
2. Where a child is named, no photograph of that child is displayed
3. Where a photograph is used which shows a child, no name is displayed

By observing these points, the school ensures that visitors to the website cannot link images of the children to names of children. When choosing photographs for the website, the school is mindful of the way children may appear in them, and will not include images which are in any way inappropriate, such as close-up portrait shots of an individual child.

The school follows a policy of seeking parents' permission before using images which show children on the website.

No other private information about children is ever published on the website such as surnames or contact details.
