Dear Parents,

Monday 21st May 2018

Assalamu alaikum

I pray this letter finds you in the best of health and eeman. I pray that you are also reaping the benefits and barakah of this blessed month of Ramadhan.

I am writing to provide you with an update regarding the action plan which was submitted to the DfE in December 2017.

Alhamdulillah we have received positive correspondence from the DfE who have evaluated and accepted the thorough action plan and have made very promising comments about the way the action plan has been put together and the measurable impact it proposes. The evaluation highlights that, if the action plan is implemented, the school will meet the required standards for independent schools. They have made reference to the evidence provided with the action plan which has helped them to gauge the positive direction the school is taking Alhamdulillah.

The DfE have further explained that, having accepted the action plan, the school will receive a monitoring visit imminently.

We are looking forward to sharing our improvements with Ofsted and we are confident that all the hard work during this academic year will result in a positive judgement in'shaa Allah.

We look forward to a busy and productive rest of the term and we are eager to close off this year with positivity in'shaa Allah.

May Allah accept our deeds as ibadah, grant Date Valley School success and make Him pleased with us. Ameen.

Jazak Allah khair

Naheed Mughal
